Subject: RE: Split sampling

Derek – Yes, Yolanda and I plan to join the CAC meeting. It's scheduled for 10/25 at 5PM?

To date, EPA has collected 7 split soil samples for Sr-90 analysis. We have received results from 4 of the 7. All results are nd. I only have Navy results for 1 of the 4. The Navy result was also nd.

Subject: Split sampling

Hi Terry/Wayne,

I was talking to Dr. Hunnicutt about upcoming CAC meeting where the Navy will be presenting status of Parcel G. As we went over questions on Strontium-90, she asked about split sampling that was conducted by EPA?/DPH and the results.

Do you have results that you can share? Will you be in attendance at the meeting? If so, please be prepared to discuss.

Best Regards,

Derek J. Robinson, PE
